Dear Sir/ Mam,

We are pleased to offer three fantastic **online internships: Entrepreneurship:Startup Sprint Program** and **Mastering Data with Machine Learning and Cybersecurity**. All the internships run for **2 weeks** and are packed with valuable insights and practical experience.

IBM SkillsBuild Entrepreneurship: Start Up Sprint Internship Program

- **Dates: 21st October - 4th November 2024**
- **Overview:** Students learn the fundamentals of starting a business, including business model creation, financial planning, and pitching strategies. Key topics like idea validation, market research, and go-to-market strategies are covered to help turn ideas into viable ventures.

IBM SkillsBuild Mastering Data with Machine Learning Internship Program

- **Dates: 22nd October - 5th November 2024**
- **Overview:** Offers hands-on experience in machine learning, covering topics from basic linear regression to advanced algorithms. Students will explore supervised and unsupervised learning, data preprocessing, and classification techniques.

IBM SkillsBuild Cybersecurity: Defend, Detect, and Dominate the Digital World Internship Program

- **Dates: 23rd October - 6th November 2024**
- **Overview:** Trains students in both offensive and defensive cybersecurity tactics, covering fundamentals like the CIA triad, threat actors, attack tactics, and defense strategies. Participants will also explore career opportunities and essential skills in the cybersecurity field.

NOTE: One student can participate only in one Internship
